To patrons who are not acquainted with the dahlias by name, assistance in selecting will be gladly given, if they will make known their requirements.

Any dahlia not listed can be supplied on order.

Prof. J. B. S. Norton's New Book
7,000 Dahlias in Cultivation
\$2.00 a Copy

A Gift Card

has been designed should you desire to remember a friend on a special day by sending a box of dahlia tubers. The beautiful card, which includes this design with appropriate inscription, is hand-illuminated. It would be sent in your name on the desired date, the box of tubers following in time for Spring planting.

"If thou hast a loaf of bread,
 Sell half and buy the flowers of the narcissus;
 For bread nourisheth the body,
 But the flowers of the narcissus the soul."

—Mohammed.

In the garden are thousands of Narcissi and Tulips in endless variety, including many rare ones. The tulips are planted in informal groups, suggesting to visitors an artistic blending of many shades and color combinations for planting. Group A is in tones of violet and yellow; Group D, heliotrope and gold; Group E, copper tones; Group F, flame; Group H, vivid rose; Group I, pastel combination and others. To patrons unable to see the flowers in bloom, I will be very glad to send details of these groups and assist in planning color schemes.

The choicest of Holland bulbs are imported direct, only to order, which should be received by June first. After 1925 the following bulbs will be prohibited from entry into this country: Narcissi, Scillas, Snowdrops, Grape Hyacinths, Chionodoxa, Eranthis Hyemalis and Fritillaria.
